# A VERSATILE RANGE OF GUITAR AMPLIFIERS

Take your pick—any number can win. This versatile range of guitar amplifiers offers you a multiple choice: 25W to 400W power, compact single-unit systems or separate pre-amp and main amp/speaker combinations. Whichever model you choose, you win. You get dual channel convenience features and controls. And the professional extras just keep coming: two-way hum-free power switch, hi-lo inputs, multi-amp outputs. For your every group or stage guitar amplifier requirement, specify YTA and pick your number.
